

Marquee Packages

If you know how many people will be attending the event but not sure on the size of marquee, these packages will help.

We have worked out the marquee size and included matted flooring, lighting and a dance floor. All you need to do now is add the quantity of furniture required for your guests.

Matrix

Seats	Price	Size	MQ	Dance Floor	Evening Guests
60	£1,715	(30x50ft/9x15m)	1xM30 1xM23	12x16ft	+20 (80)

Poleadion package with dandy dura matting, Par56 centre pole lightes with dimmer, festoon lights around the sides and wooden dance floor.

Prices include 20% VAT.

Delivery charges apply, see website prices page to calculate the delivery charge (minimum £30 delivery).

Unless specified all goods are hired for 1 day and are charged whether used or not. Additional days rental charged at 15% daily rate - excludes setup/collection days.

If you require a catering tent choose the 20x20ft Matrix (M20). With the Poleadion we can also supply a 20x20ft Matrix for the Entrance.

For more ideas look for the 'Accessories' file on the resources page of the website.

Electrics are not included as power requirements vary greatly. Once we have discussed your needs can we advise on the correct power supply/cabling you may need. As standard the lighting supplied in each package already comes with a 20m extension cable to 13/16A socket.

The site must be on grass which is flat and level. For larger marquees we need direct access for our vehicles. There should be no overhanging trees/cables and any underground services must be reported and shown to us, either by a plan or marked out. It is important to know in advance if the proposed site has allot of large rocks in the ground. For larger marquees we need a soil depth of 1m to fix the stakes. Shallow soil with rocky ground can prevent installation.

Is the site exposed, by the sea or is it sheltered and further inland?
