

Arachnid

Type	Size	ID	Colour
Stretch Tent	66 ft \emptyset or 20 m \emptyset	A66	Chino

www.devonpartymarquees.co.uk

A set of window and side panels are included, each wall can be opened and rolled up to create a large opening.

The Arachnid is a stunning 8-sided stretch tent. Unlike the other tents in our collection this striking design is not in white but a chino which is a light brown colour. The octagon-shaped layout is both large and spacious and what sets this apart from other stretch tents is the ability to add walls to each of the 8 side openings. This system means the tent can be completely closed down without losing space. The Arachnid will come with a set of clear window or side panels, each wall has a central zipper so they can be opened and rolled up.

Dimensions

20 m ø
66 ft ø

Surface Area

330 m²
3552 ft²

Capacity

130 seated on round tables
144 seated on rectangle (trestle) tables
180 standing
