8 Sided - 20m ø	A8	140	180

Type: Stretch Tent | Colour: Chino Brown | Modular: No

www.devonpartymarquees.co.uk

The Arachnid is a stunning 8-sided stretch tent. Unlike the other tents in our collection, which are all white, this striking and luxurious design is finished in a light chino brown. The layout feels light and spacious; and what sets this apart from other stretch tents is the ability to add walls to each of the side openings. This system means the tent can be completely closed down without losing space. The Arachnid will come with a set of clear window or side panels, each has a central zipper so they can be opened and rolled up.

8-Sided Arachnid
